These statements are prepared in accordance with recommendations for interim financial statements in conformity with Canadian generally accepted accounting principles applicable to a going concern. The ability of the Company to continue as a going concern is dependent on its ability to raise the required capital to proceed with its operations plans and subsequently obtain profitable operations. These financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern and have been prepared using the same accounting policies and methods as those used in the December 31, 2003 accounts, except as disclosed below.
